

## Make smart medication choices with MedSavvy

Ever scratched your head after seeing a pharmaceutical ad or getting a prescription from your doctor? Your employees have, too.

That's why MedSavvy is here. We go beyond the generic vs. brand-name debate with proactive analytics of pharmacy data, grades for medication effectiveness, cost information and more.

### How it works

MedSavvy is an easy-to-use, mobile optimized website that empowers you to make informed decisions about your medications. With MedSavvy, employees can:

- › **See a report-card-style grade for medications**—Our pharmacists carefully review scientific research before assigning a letter grade for effectiveness.
- › **Search by treatment or condition**— Information is available on more than 1000 treatments and 80 health conditions...and counting
- › **View costs**—Health plan benefits are integrated to provide up-to-date cost information.
- › **Comparison shop**—Search results display medication names, grades, cost and more.
- › **Build a virtual medicine cabinet**— With Medicine Cabinet, they can store all their medication information in one place.
- › **Review their medicine cabinet**— Request a Medicine Cabinet Check and a pharmacist will review for common drug interactions, safety concerns, and treatment options.
- › **Get expert advice**—A confidential message to one of our pharmacists is just a few clicks away.\*
- › **Shop nearby pharmacies**— See where to buy a medication, filtered by price and distance
- › **Hear from others**— Post firsthand medication ratings. SavvyTalk™ provides an instant community.
- › **Stay updated**— Our pharmacists proactively analyze claims data and alert them if there has been a change in the safety, cost, or effectiveness of a medication.
